

# ANCHORS

Bringing the BB adventure to you ...

## Weekly Activity Pack

8th to 14th June

#BBATHOME

**Feed the Sharks**

**Hunt the Rainbow**

**Queen's Guard**

**A Box of Crayons**

**Save the Turtles**

**Spot the Difference**

### **IMPORTANT NOTICE FOR PARENTS/CARERS**

Activity **MUST** be supervised by a parent/carer **AT ALL** times. A parent/carer **MUST** assess risk before allowing their child to participate. Parents/carers **MUST** be aware of and follow up-to-date Government rules and guidance on social distancing.

# FEED THE SHARKS

GET ACTIVE

20 MINUTES

IN THE CUPBOARD

## GETTING INTO THE ACTIVITY

Use your imagination to bring shark infested waters to life. Can you feed the sharks without being eaten yourself?

Set up 5 or 6 stepping stones (books, cushions etc) a small distance apart. A couple of metres past the last stepping stone place a bucket - this will represent the shark's mouth.

Start the game by placing a bean bag or similar (sock balls, sponge) on your head. This is the shark bait which needs to get into the shark's mouth (bucket). Carefully jump between stepping stones, whilst balancing the bean bag on your head. Be careful not to fall off a stepping stone or drop the shark bait, otherwise you'll get eaten by the sharks and need to start the course again. Throw the bean bag into the shark's mouth to feed it and head back to the start.

How many bean bags can you successfully get through the course and into the shark's mouth without falling into the shark infested waters? Score a point for every bean bag in the shark's mouth.

## WHAT YOU'LL NEED

- Stepping Stones
- Bucket
- Bean Bags or Similar

## NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. Share a picture of you playing 'Feed the Sharks' with your BB group or post on social media using #BBatHOME.

# HUNT THE RAINBOW

GET ADVENTUROUS

45 MINUTES

PREPARATION NEEDED

## GETTING INTO THE ACTIVITY

Explore your local area and keep an eye out for the colours of the rainbow in nature. Can you find all the colours of the rainbow?

With your family, head out on a walk around your local area. For this activity, it would be ideal to visit your local park, nature reserve or country park - somewhere where plants, flowers and trees can be found.

Your task is to try and find all the colours of the rainbow in natural items around you. When you find each colour, take a photo of that plant, animal, flower etc. Can you find all 7 colours on your walk?

**Take it further:** Try to find 2 or 3 shades of each colour on your walk. Can you find light blue and dark blue objects for example? How many different shades of green can you find?

Share your photos with your BB group or post on social media using #BBatHOME.

## WHAT YOU'LL NEED

- Camera

## NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. Remember to follow social distancing rules when out and about. An adult should initiate any contact with the BB group and/or share on social media.

# QUEEN'S GUARD

GET CREATIVE

20 MINUTES

PREPARATION  
NEEDED

## GETTING INTO THE ACTIVITY

Become a member of the Queen's Guard, the soldiers who help protect the Queen, with this creative activity.

Saturday 13<sup>th</sup> June 2020 should have been Trooping the Colour, a big parade of soldiers helping to mark the Queen's official birthday. Trooping the Colour normally features over 1400 soldiers, 200 horses and 400 musicians. If you've not seen it before, search 'Trooping the Colour' on YouTube to watch some videos.

This year HM The Queen is celebrating her 94<sup>th</sup> birthday. Become one of the Queen's Guard, the famous soldiers, by using the template at the bottom of this pack. Firstly you'll need to find a photograph of you to cut out your face and stick it onto the face of the soldier in the template. If you can't do that, then draw your face on instead. Finish it off by colouring in the soldier's famous red and black uniform. Now you've become one of the Queen's Guard! How do you look?

## WHAT YOU'LL NEED

- Colouring Pens
- Scissors
- Queen's Guard Template
- Photo of You
- Glue

## NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. Share a picture of you as a Queen's Guard with your BB group or post on social media using #BBatHOME.

# A BOX OF CRAYONS

GET INTO  
THE BIBLE

15 MINUTES

READY  
TO GO

## GETTING INTO THE ACTIVITY

A look at how God created humans in all different colours and how when we all come together, we make the world better.

Choose your favourite colouring crayons/pencils/pens and colour a picture using that one colour. How does it look? Is it a bit boring and all look the same?

Thankfully when God made colouring pens, just like when he made humans, he didn't make us all one colour, shape or personality. God made us all different and unique so we could bring our own bit of 'special' to the world. That's exactly how God wanted us to be! When we come together, we make the world beautiful - Just like using more than one colour colouring pen brings a drawing to life. We can remember that important lesson with this saying.

**We are a box of crayons, each one of us unique. But when we come together, the picture is complete.**

Now redraw your picture, using lots of different colours to bring your drawing to life. How much better does it look now?

## WHAT YOU'LL NEED

- Colouring Pens
- Paper

## NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. Share a picture of your drawings with your BB group or post on social media using #BBatHOME.

# SAVE THE TURTLES

GET INVOLVED

30 MINUTES

IN THE CUPBOARD

## GETTING INTO THE ACTIVITY

A reminder of how the plastic waste we produce can end up harming the ocean creatures we love. Linked to World Oceans Day (8<sup>th</sup> June).

Create a turtle by asking a grown-up to cut off the bottom of a 2L bottle. Cut out the turtle from the template or draw your own. Use green card for the turtle base if you can, or colour it in yourself. Stick the bottle to the turtle base using sellotape. Before doing that, fill the turtle with colourful plastic waste such as food, sweets and crisps packaging.

Your plastic turtle may look good, but inside its stomach is lots of plastic waste. This happens in our oceans every day. Animals such as turtles eat plastic, harming and sometime killing them. We can stop this by using less plastic and recycling more. Think about 5 ways you could pledge to use less and recycle more. Could you reuse carrier bags and bottles for example? Write down your pledges and try and make the changes to help protect our oceans.

## WHAT YOU'LL NEED

- Plastic 2L Bottle
- Scissors
- Paper / Card
- Save the Turtles Template
- Colouring Pens
- Sellotape
- Plastic Wrappers

## NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. An adult should cut the drinks bottle. Share a picture of your turtle and pledges with your BB group or post on social media using #BBatHOME.

# SPOT THE DIFFERENCE

GET LEARNING

15 MINUTES

READY TO GO

## GETTING INTO THE ACTIVITY

Have you got the observation skills to quickly spot the differences between two pictures? Let's find out!

You'll need access to the 'Spot the Difference' worksheet at the bottom of this pack. You don't need to print it out, just be able to see it.

On the worksheet are two pictures which look the same, but actually have small differences for you to spot. Look between the photos and see if you can find all 10 differences? How long did it take you to find them all?

**Take it further:** Play spot the difference in real life. Leave the room and ask a family member to make some small changes to things in the room. They might turn a lamp on, remove a cushion, change seats etc. Come back in the room and see if you can 'spot the difference'. Now send a family member out the room and you create the differences.

## WHAT YOU'LL NEED

- Spot the Difference Worksheet

## NOTES FOR PARENTS & CARERS

All activity should be supervised by an adult. Share a picture of you completing your spot the difference with your BB group or post on social media using #BBatHOME.

# Queen's Guard

# Save the Turtles

Spot the 10 differences in the picture.
